DIGITAL TRANSFORMATION FUELS FIS

“The number one challenge is getting access to and refining data in a way that’s usable and consumable. Demand for more real-time access has grown, so the need to understand data faster and be able to respond quicker is really what our clients need.”

– ROBERT LEGTERS
CHIEF DATA OFFICER, FIS

→ EXPLORE DIGITAL GAME CHANGERS

OBJECTIVES

- Create a new data ecosystem to help clients on everyday transactions
- Respond to growing demand for real-time data access across all digital channels
- Transform data from billions of transactions into usable and consumable insight

REQUIREMENTS

- Deliver scalability and speed to adapt to expanding business needs
- Protect customers’ financial data, wherever it is generated and stored
- Work with an innovative partner to solve complex data problems

OUTCOMES

- Empowers customers with easy data access and integration to discover business opportunities
- Accelerates insight to adjust and respond at the speed of the market
- Gathers and refines data from edge to cloud, making it available to better serve consumers
