Photo Expert

# 48MP Quad Camera Clear in Day and Night.

**13MP**

Telephoto Lens

**48MP**

Ultra-clear Main Camera

**8MP**

Wide-angle Lens

**2MP**

Mono Lens

Ultra Clear 108MP Image, Clear in Every Detail.

Reno3 with Ultra Clear 108MP Image optimizes most common usage scenarios specially in bright light, such as the facial details and text details.

Even zoom in to part of image, the detail is still clear.

\* Ultra Clear Mode is synthesized by software, the highest pixel is up to 108MP.

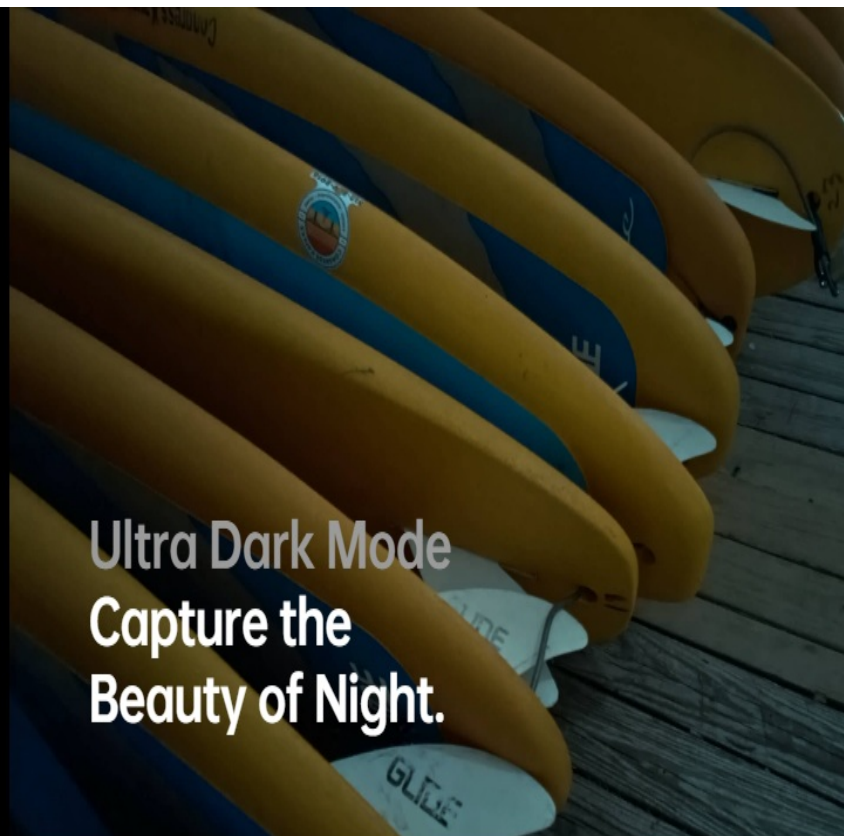

\* According to 72dpi, Ultra Clear 108MP image could produce poster-size 4.3 \* 3.2 meters.

5x Hybrid Zoom, 20x Digital Zoom

Reno3's 13MP, 48MP and 8MP cameras combine to achieve full focal length shooting, savor what you see as you zoom in or out, regardless of distance.

\* Ultra Wide-angle lens can capture 109-degree photos after accounting for distortion.

Reno3 creates exceptional night scene images with Ultra Dark Mode. Powerful NPU shortens imaging time, and multi-frame AI noise reduction helps image denoising.

\* Ultra Dark Mode is turned on automatically when the phone detects brightness lower than 1lux, and it performs the best with brightness ranging from 0.3lux - 1lux.

3cm Macro Photography  
Capture all the subtle details.

44MP Front Camera  
Refined Selfie Images.

**44MP**

Ultra-clear Main Camera

Reno3's 44MP selfie camera capture every facial detail in ultra-high resolution. Experience the allure of detailed textures which make hair, skin and eyelashes more pleasing to the eye.

# Ultra Night Selfie Mode Create Flawless Night Shots.

Whether taken in a neon-lit street or a charming bar, your portraits will look radiant in the moonlit night. When enabled, multiple photos are taken simultaneously and combined to create the ideal image.

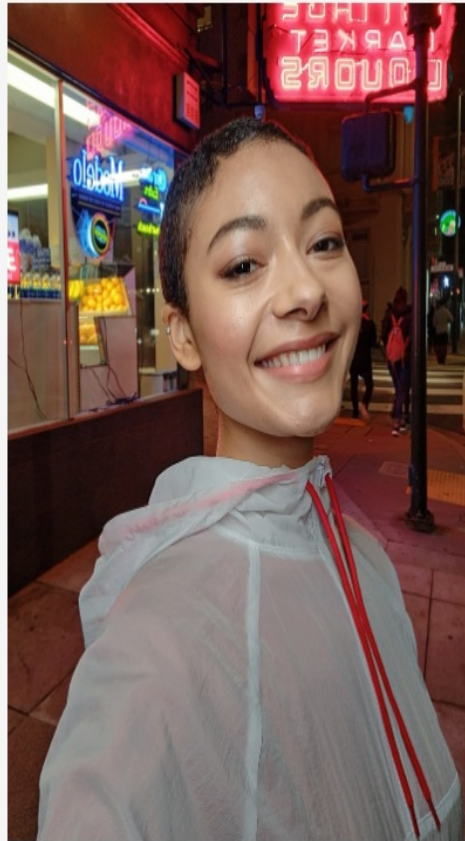

**AI Noise  
Reduction**

**Face  
Protection**

**Highlighting  
Algorithm**

## Vibrant video

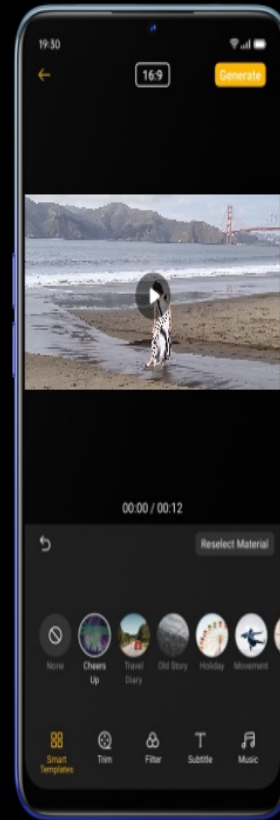

### Ultra Steady Video 2.0, A New Era of Stable Video.

Reno3 has once again raised the bar for video stabilization, utilizing the Ultra Wide-angle Lens to bring the new dual image stabilization function. Whether during everyday use or intense activity, top-notch video quality is assured.

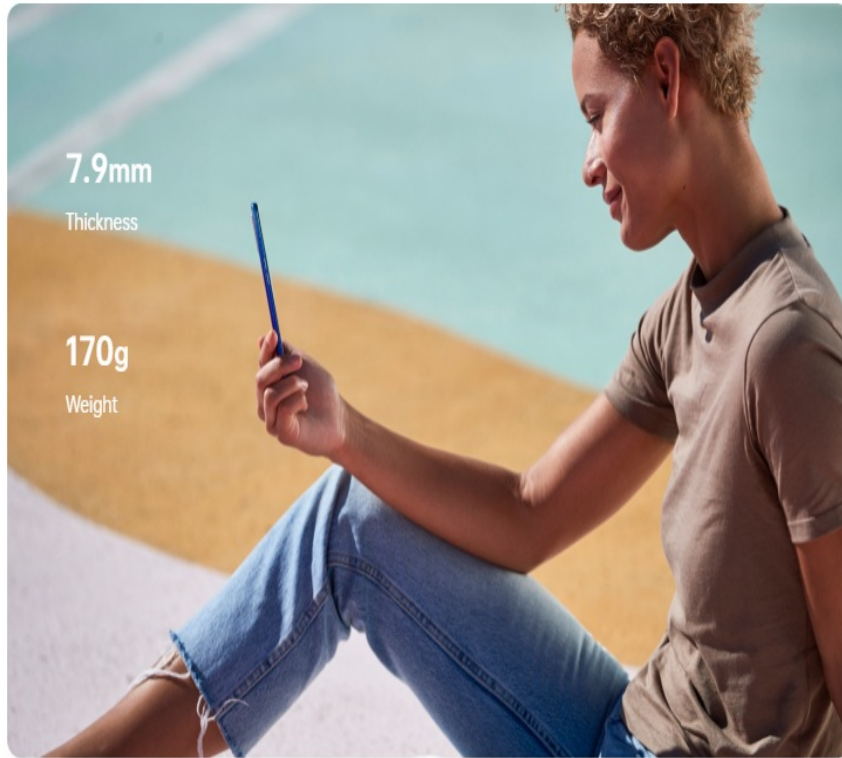

# Soloop, Edit & Share.

Soloop is a video editing app that automatically edits the video to match the rhythm of the selected music. It also adds transition effects automatically for a spectacular original video.

Sleek Design

# Thinner and Lighter A Completely New Experience.

# Hidden Fingerprint Unlock 3.0 Unlock in One Motion.

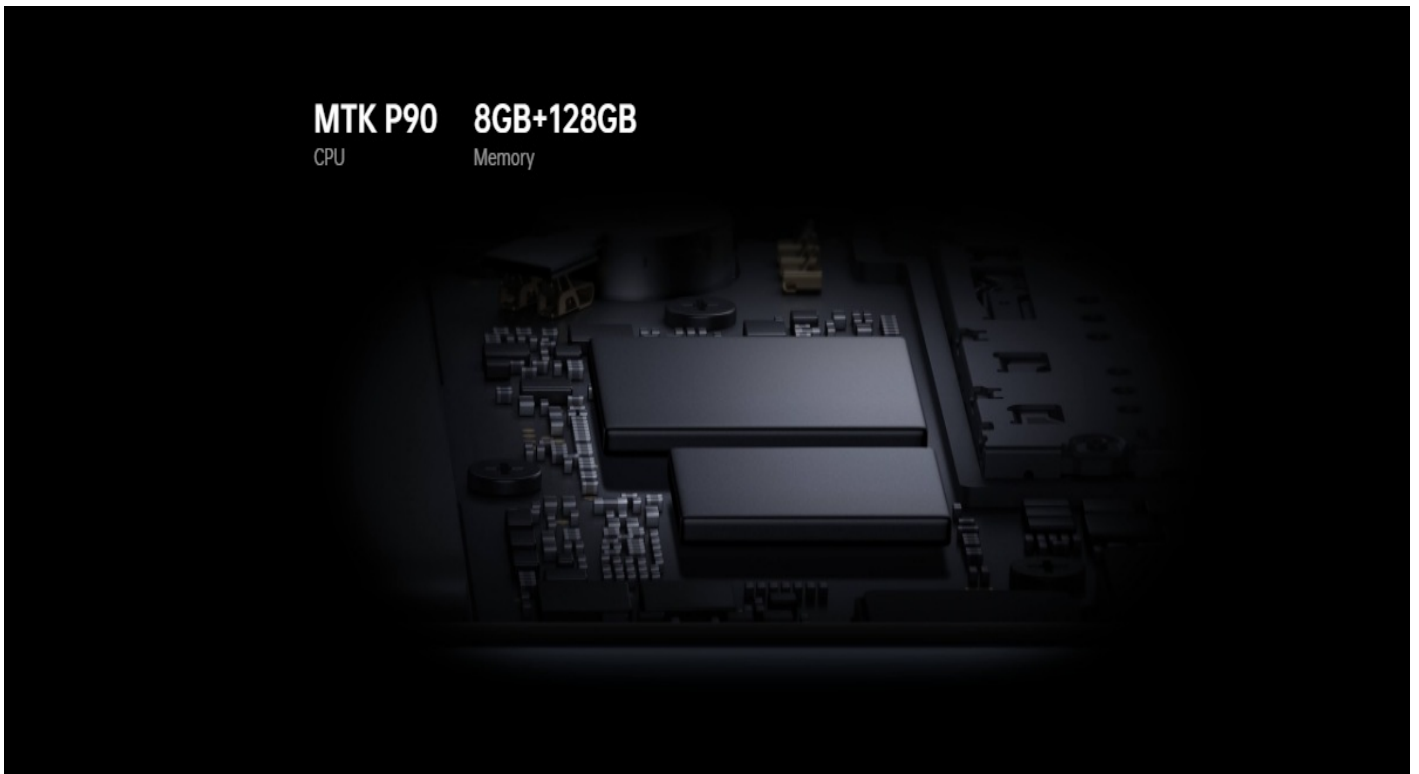

Additionally, anti-counterfeit identification has been optimized to improve security.

**0.34s**  
Unlocking speed

## Enhanced Performance

**MTK P90** **8GB+128GB**  
CPU Memory

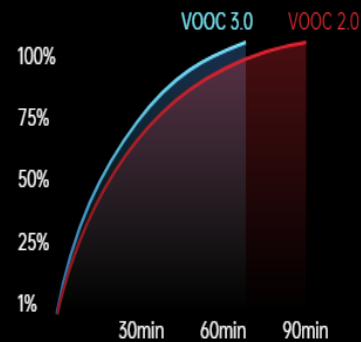

# VOOC Flash Charge 3.0

## Last longer, Recharge faster.

Charge from 0% to 50% in just 30 minutes.  
Charge to 100% in just 73 minutes.

**4025mAh**  
Battery

# Hyper Boost

## Speed to new level

Stabilizes your frame rate, so you never drop frames again.  
Higher Frame Rate Stability 38%↑

Accelerates your response time, so you can stay ahead of the competition.  
Enhanced Touch Performance 16%↑

Average framerate increased

Response speed increased

# Hi-Res Audio & Dolby Atmos Immersive entertainment

Visual and Audio powerhouses combine to deliver you immersive media  
in the palm of your hand.

# The Greatest Stories on Display.

Reno3 supports 1080P streaming on Netflix, which will enable you to enjoy HD TV series and movies anytime, anywhere.

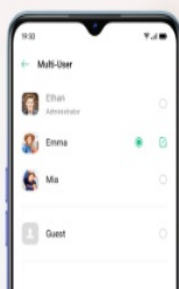

## ColorOS 7

Based on Android 10

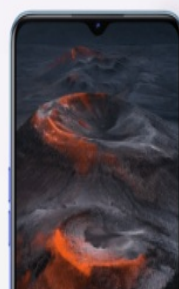

### Multi-user Mode

Multi-user mode keeps your files and data safe. Create up to five independent spaces for users, sub-users, and visitors. Each user space is password protected to maintain privacy.

### OSIE Ultra Clear Visual Effect

OPPO Screen Image Engine (OSIE), OPPO's self-developed visual optimization technology increases picture saturation and contrast to enhance visual effects on third-party apps.

## Artist Wallpaper

Through Artist Wallpaper Project, we invited several artists contracted with global art agencies to design stunning wallpapers around the themes of Purity, Nature, Geometry, Culture, Life, and Future.

## Dark Mode

Dark Mode accompanied with Eye Care Mode provides comfort for your eyes all day long and reduces overall power consumption by 38%.

### Notes:

1. Screen size is measured diagonally, in centimeters. Reno3's screen size is 16.2cm(6.4-inch) as a full rectangle, and the screen-to-body ratio is 90.8%. Actual viewable area is less due to the rounded corners and camera area.
2. Reno3 uses a 48MP ultra-clear main camera, 8MP ultra wide-angle lens and 13MP telephoto lens combo to bring high performing results in a variety of environments when using the 5x Hybrid Zoom function.
3. The maximum pixel of the main front camera is 44MP, the pixel of ultra night selfie mode is 40MP.
4. 4025mAh is the typical battery value. Rated (minimum) capacity is 3935mAh.
5. Charging time data comes from OPPO internal tests. The actual charging time may vary depending on the specific conditions of the mobile phone or individual differences, such as temperatures environment, performance degradation after battery use, etc.
6. Available in 128GB ROM, actual storage available may vary depending on pre-installed software.
7. Based on results from OPPO internal tests, we got Hyper Boost's data at room temperature, with high frame rate and high picture quality mode on.
8. OPPO Screen Image Engine (OSIE) supports short video APPs: Tiktok, VMate, Vigo Video, Likee, Instagram short video.
9. Product pictures are for reference only, please refer to the actual products. Certain product specifications and descriptions may change due to reasons like changes in suppliers. The data in the page came from OPPO designed technical parameters, test data from the laboratories and supplier test data. In actual circumstances, the data will differ slightly, depending on the test software version, specific testing environment, and specific version.
